Foreword

Before a masterpiece can be accomplished, a definite goal must be in view. In reaching this goal, a plan must be established.

The classes before us have set the purpose of the annual. We have tried to change it so it will not be the same as the annuals of previous years.

Through new pictures and new literature, we have attempted to give you an outline of the past year's work. We sincerely hope that we have made this annual as interesting as the annuals of the past have been. We believe that we have taken a step toward the perfection of the school annual.

May many happy moments be yours in years to come as you once again look through the following pages of this book.

To hold our hopes, joys, ambitions, disappointments, and even sorrows of this last year close to us forever, we have assembled this—Our Annual.—(Editor)

Sections

Pictures of classes and teachers, and literature concerning each.

Clubs, activities, and literature concerning each.

Advertisements, humor, snapshots, and absentees.

Dedicated to

We, the Senior Class of 1939, dedicate this issue of the "Whitefeather" to our parents for the untiring help they have given us. We hope in this issue we can express to some degree our appreciation of what has been done for us. Please accept this small token, parents, as our thanks for your help in the past. During the years to come, may this annual recall to your minds pleasant memories of time well spent in assisting us toward our goals in life.

Appreciation

To Mr. Lynch, our superintendent, we extend our sincere appreciation for the guiding hand he so readily extended to us in time of difficulties. Although we are indebted to him for his help, we can never hope to express adequately our thanks to him. We hope that, in some degree, this annual will show our appreciation for his guidance.

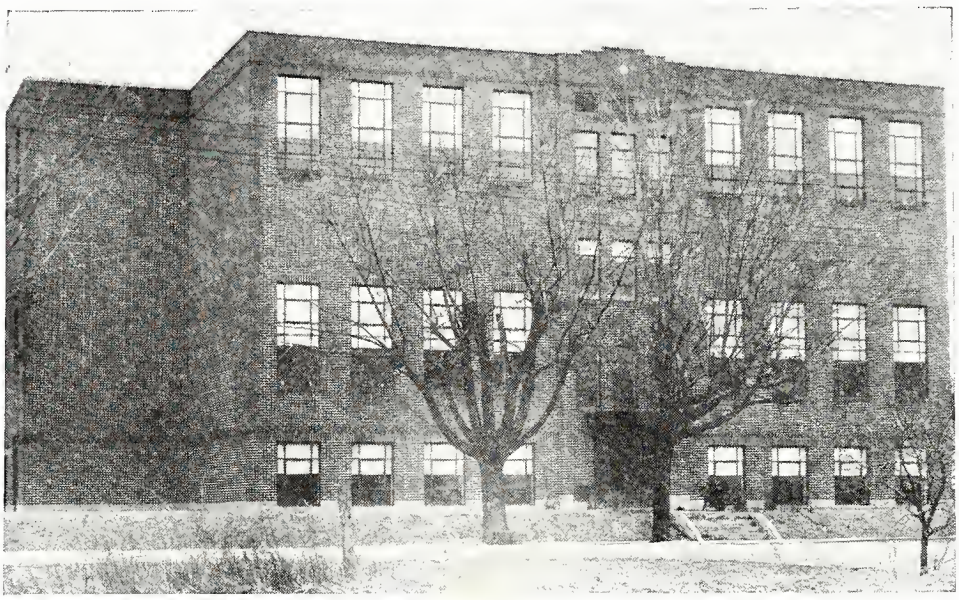
Personnel

Student-Faculty Relationship

When we stop to think who exerts the most influence on a high school individual, we sometimes wonder if the members of our faculty don't play a part that is equal to that of our parents. In this modern age, the youth spends less time in his home, and much of this time is spent in activities in which teachers are leaders. The teachers serve more than merely to teach us the contents of our textbooks. They advise us, interpret complicated things, serve as an arbitrator in settling our disputes, and they help and cooperate with us in accomplishing our tasks.

The relations of the student to the faculty are much the same in that the student will usually cooperate with his teacher, run errands for him, and help him in any way possible. The student usually holds much respect for his teacher, and thinks nothing of doing things for him.

In general, the relationships between the two are very harmonious.



Its Beginning---Our End

Twelve years ago, the Senior Class of '39 started to school in this new building. It has served faithfully in helping us obtain a good education. We have studied hard and made good use of our time. Not one minute was dull, for we went into our work with vim and vigor, and the result is a happy ending.

Our school is well equipped. The library, chemistry laboratory, and the commercial room have been improved for our use.

There are still some serious faults with our school. The classrooms are crowded, and the gymnasium is small. However, in the near future there is a possibility of these faults being remedied.

Now we have come to our end as far as this building is concerned, but we leave this school for others to take our places; to obtain a good education, and to prepare themselves for a substantial position in life.

To the Board of Education

The Senior Class of 1939 wish to express their thanks and appreciation to each member of the Buckland Board of Education for any part he may have had in helping to make their high school life a success.

It is a general feeling that whenever improvement in the school was necessary, the Board of Education met the need promptly. Necessary equipment has been purchased throughout the year.

Each student and teacher has done his best to co-operate with the Board at all times.

School Busses of Buckland High School

The transportation of school children, a major problem in school administration, is an important factor in school routine. Our school covers an extensive territory over several townships of Auglaize county. Much responsibility is placed upon the drivers and they have proved their capabilities to a great extent.

In compliance with the operations of our busses, they have been kept in good condition and have very rarely missed going out on the routes.

To deliver the children to and from school, five busses are in use. At the beginning of this year two new busses were purchased. One was an International and the other was a Dodge. These busses are driven by Lester Bowersock and Frank Holtzapple.

In Memoriam

We wish to dedicate this page to the memory of Miss Marjorie Graessle who left our midst on November 24, 1938.

She was loved and respected by all. Miss Graessle gave her whole-hearted service toward the betterment of the school. She was a scholar, a true lady of noble character. These are tributes which will endear her in the memories of all who knew her.

There won't be a day that we won't think of her and talk of her, for she was our friend. Our memories of her are happy and pleasant ones, for her nature was kind and friendly.

The Senior Class of '39.

A Verse of Each Senior

Betty Rapp

Let us stop and view this lass,
Fairest one of all the class,
Much in business she does do,
For her hand the men all woo.

Herbert Harsh

Herbie has the brains of the Senior Class,
If we were like him, we'd be sure to pass.
He plays the sax and dances too,
And to the girls he's always true.

Eloise Kellerman

One wiser than we
One smaller than we
One cleverer than we
Tis she!

George Redick

He raises good horses
Takes agriculture courses
Gives much candy and much gum
To many a friend and many a chum.

Irene Doorley

Irene is an Irish lass
With dark blue eyes and plenty of class,
She has style, we all confess,
In build and manner as well as dress.

Wayne Dixon

Only a boy, and his father said,
"Out too late, now go to bed!"
Dreams he of a gay young lass
With blonde curls from the Freshman class.

Ruby Thomas

A better friend
The whole world 'round,
I'm sure you'll say,
There can't be found.

Herbert Fry

Sly and keen
Bashful, too,
In his studies
He knows the cue.

Eunice Bowersock

Typing is her favorite pet,
Ne'er been excelled—that is not yet,
She always has the best of times
Until at night the curfew chimes.

Frederick Ziegenbusch

Athlete strong and quite unique,
A good heart and a good physique,
He follows through until the end,
You may be sure he's out to win.

Lloyd Binkley

It's Ter's blue eyes, blonde hair and sense—
But do go on; this is suspense
You'll soon guess, he really rates
Some day he'll number with the great!

Wayne Brookhart

Lithe and limber as a squirrel,
And he rushes a black-haired girl
Drives a De Soto, Model '38
You can be sure, at a very swift gait.

Frances Holtzapple

Of this miss we know not much
But what we know is as such,
There can be seen on Sunday nights
When passing by, there are no lights.

Betty Zerkel

Many say, as I have heard,
That it won't be very long, 'till
Up the steps and in church
She'll walk to Lohengrins' song.

Robert Bowsher

Better than all measures
Of delightful sound
Better than all treasures
His music doth abound.

James Bowsher

Janitor he is
And that's no lie
When Jim hears this
He gives a sigh.

Kenneth Cook

Humor is his middle name
Now, I'll have to explain,
With his pranks and with his wit,
He has ne'er been caught—as yet.

Susan Place

Now I don't seem to get the slant.
Do History outlines? I just can't
In Typing II, I slip and slide
In English IV, I won't abide.

Journey of Education

In the year of 1936, twenty-three students started on the highway leading to higher education. The first part of the journey was strange and different from any they had ever taken; the second was interesting and exciting; the third lap has been more difficult than the others.

During this journey, the highway has not always been smooth, but beyond the rough, difficult places have always appeared the more level expanses leading to happiness and joy. Each year the class has enjoyed parties. This year, a hay ride afforded the most excitement. New rings were purchased. "The Gang's All Here" offered an opportunity for dramatic talent to emerge. The class also has been active in the various clubs and extra-curricular activities.

Guiding this third lap of the journey were the following:

President ..... Harold Wheeler
Vice President ..... Nellie Walther
Secretary and Treasurer. Maxine Biederman
Class Sponsor ..... Mr. Linn

In retrospect, the past three years have proved profitable as well as enjoyable. Now, the class is ready to begin the last part of the journey which culminates in graduation. To those who have assisted thus far in the completion of the journey, the class express their deepest gratitude.

Sophomore Class

In September, 1937, the class of 1941 embarked on a four-year excursion into the realm of high school.

Deep though the waters seemed to be, the ship quickly reached its first port. After only a few months' leave, once more seventeen pupils met together to choose the commanders for the second year of the excursion. Those selected were:

President ..... Gerald Elsass
Vice-President ..... Emerson Burnfield
Secretary and Treasurer . Bonita Anspaugh
News Reporter ..... Marian Sprague
Sponsor ..... Miss Henry

The Class has enjoyed several parties during the year. All the members have participated in extra-curricular activities in the ship of school also.

The second successful part of the excursion is at an end, and the ship once more rests in harbor. Next year, as junior members, the class will strive to penetrate deeper into the realm of education and to carry away with them the fruits of time well spent in difficult yet pleasant study.

Freshman Class

In the fall of 1938, twenty-four eager freshmen took their first steps into their high school career. Although the upper classes tended to look down upon them, they maintained their rights with determination.

During the year, three new students enrolled, increasing the total enrollment to twenty-seven.

The class members took an active interest in all extra-curricular activities, in addition to the regular school curriculum.

At the beginning of the school year, the following class officers were chosen:

President ..... Norma Jean Bowersock
Vice President ..... Hazel Smith
Secretary and Treasurer .. Imogene Link
Sponsor ..... Mr. Lenart

To all who have assisted the freshmen in any way during the year, they express their gratitude.

Seventh and Eighth Grades

Here we are folks, the seventh and eighth grades.
In school, we worked, and at noon we played;
There we worked, like a bee and a dove,
trying to get to the next grade above;
Some boys and girls left us; some came in;
We hope there are more next year to begin,
Ever half way across the water we flow,
And next year, closer to the harbor we'll go.

—Richard Bowersock

The seventh and eighth grade room was filled to capacity throughout the entire year. We started with a number of fifty-three members, but we lost two members, leaving a total of fifty-one. We all had a most enjoyable year together and hope that next year good spirit, attendance and cooperation will still exist in our seventh and eighth grade room.

Fifth and Sixth Grades

On September fifth, twenty-seven sixth graders came eagerly back to school after a pleasant summer vacation. Along with them came an equal number of fifth graders all wondering how many were to spend the year in the sixth grade room. Finally, it was decided that ten should remain.

Soon after school started, Richard Herron moved to Indiana. Later Georgene Adams and Frank Miller joined our ranks.

Several from the room had parts in the Christmas Operetta besides sharing in the Thanksgiving and Institute programs.

Fourth and Fifth Grades

On September 5, 1938, thirty-five boys and girls eagerly entered the fourth and fifth grades ready for another year's work.

The fourth grade had an enrollment of eighteen. During the year there were no entries or withdrawals.

The fifth grade started with an enrollment of seventeen. On December 5, a new scholar, Clara Hilyard, entered but was with us only a short time, withdrawing on March 27.

During the year, we were saddened by the death of our teacher, Miss Graessle. Mrs. Fry taught until January. Then Miss Meyers, our new teacher, came.

Second and Third Grades

The second and third grades started the year with an enrollment of thirty-nine. Two withdrew from the second grade, Ruth Brincefield because of illness, and Janis Doan moved to another district. The transfer of two members of the second grade from the first grade room increased the total enrollment to thirty-nine again.

A Hallowe'en party in November, an Easter egg hunt in April, and a picnic in May were enjoyed by the grades.

Some improvement was made in the room by the erection of bulletin boards.

First and Second Grades

On September 6, 1938, twenty-two enthusiastic pupils entered as first graders, and seventeen as second graders. One new pupil, Janel Fuerst, from Spencerville, came in, increasing the first grade enrollment to twenty-three.

During the year, the group engaged in interesting activities. It celebrated Hallowe'en and Valentine's Day with parties and took part in the Christmas operetta. The class members also took an active part in the Farmer's Institute program. Later, they held an Easter party. In May, they had a picnic along the river.

Varied Interests

No measuring rod is available that can be applied in determining the value of our organizations. No two are alike; no two are attempting to do the same thing. Each has achieved its objectives and proved its worthiness. We Seniors have entered, tested, approved, and profited by these clubs.

Our school would not really be school without our clubs, basketball teams, and school paper. It is through the students' interests in these clubs that helps keep our students in school.

Our school paper is one of our chief sources of keeping parents and students informed on school affairs.

Basketball not only betters the student physically, but teaches him the principles of a good sport, which we all must know in order to get along in this world.

Basketball of Thirty-Nine

At the beginning of the school term, twenty-one boys started practicing basketball with hopes of making the team.

The Buckland High basketball team played exceptionally well this year. They showed that they were a strong team and hard to beat from the start of the season until the end. They did something that Buckland has never done before, and that was to go through the basketball season without losing a league game to win the Auglaize County League Championship trophy.

They went farther in tournament play this year than during any other year in the history of the school. In the Auglaize County tournament, they won the first two games by defeating Waynesfield and Minster, two very strong teams. New Bremen defeated Buckland in the final game of the tournament by a two point margin to give New Bremen the Auglaize County Championship trophy.

By going to the finals in the county tournament Buckland was eligible to enter the sectional tournament held at Shawnee. They drew a bye and then defeated Ohio City which enabled them to go to the semi-finals where they were defeated by Dunkirk by two points.

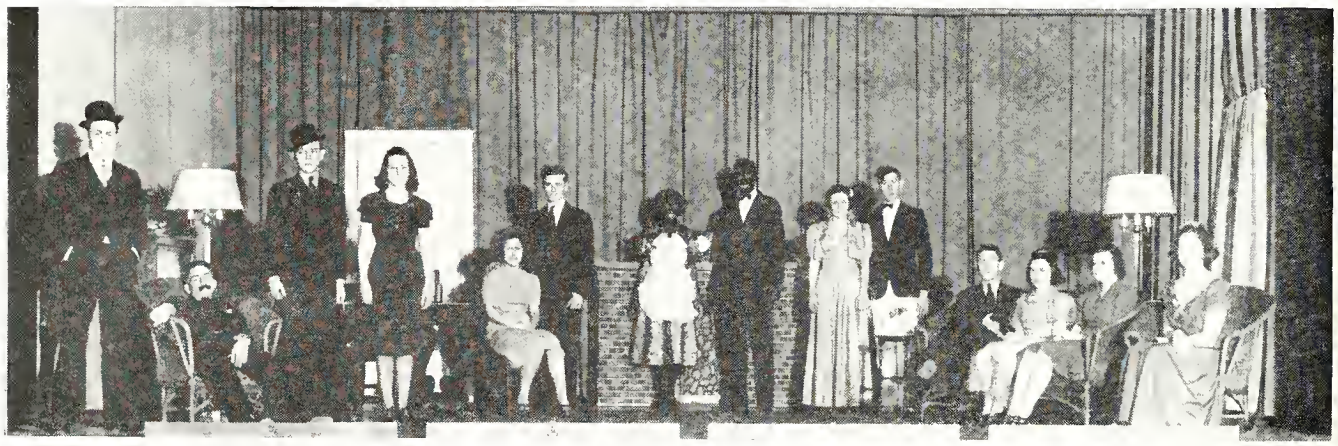
The Haunted Chair

by
James F. Stone

John Baxter, an eccentric millionaire, is found dead with a revolver in his hand, in the living room of his country home. Soon after he is discovered, his relatives start to arrive. They have all received mysterious telephone calls summoning them to the Baxter home.

Just as they arrive, Nellie Kennedy enters, claiming that her automobile has broken down outside the door and asking for refuge from the storm. Her actions are decidedly mysterious. Further complications are added when Dennis Gilhooley, Police Inspector from Headquarters, arrives on the scene and states that he has been sent to investigate the murder of John Baxter. Up to that time, the servants and relatives of the dead man thought that he had shot himself or passed away through natural causes.

Inspector Dennis Gilhooley no sooner starts his investigation than all the lights in the house are extinguished and when they are snapped on again, the body of John Baxter has vanished into thin air! From that time on, one mysterious incident after another occurs until the end of the play, when the mystery is finally solved.



Frederick Ziegenbusch, George Redick, Kenneth Cook, Betty Rapp, Betty Zerkel, Herbert Harsh, Eunice Bowersock, Wayne Dixon, Ruby Thomas, James Bowsher, Wayne Brookhart, Eloise Kellerman, Irene Doorley, Susan Place.

The Gang's All Here

by
Keith Merrill

Usually it is the husband who complains when the wife goes away but in this play, the situation is reversed. Mrs. Olden Young has married a man innoculated with "the convention bug", for Olden is forever going to conventions, leaving a lonely spouse behind him. Mrs. Young determines to attend the convention unknown to her husband, and she takes with her Ivy Vine who is engaged to be married to Wade N. Joy, who is also attending the convention.

When the advertising convention meets, the boys are gathered around waiting for Olden Young to put in his appearance. While waiting for Olden to arrive, Willie Fry overhears Upson Downes, a business man of the town, plotting to get some important information from Olden without having the latter know anything about it. Intent on helping Olden, Willie introduces young Raynor Shine as Olden Young, heping that in this manner he will prevent Upson Downes from getting the desired information.

The men are greatly astonished when they discover that their wives and sweethearts have followed them to the convention and are intent on having a convention of their own. For, as Mrs. Young describes it, the women folks have determined to start "A Convention to End Conventions!"

The Band

The band was organized one year ago for the purpose of giving our community military band music and to give our school musicians band experience. Nothing can give a person such a sense of pride and loyality to their community and country as a military band. By playing in the band, we learn to cooperate with one another and to know and appreciate band music.

During the past year, we have played for a number of festivals, concerts, political rallies, and basketball games. We do not have uniforms, but we are gradually building up a fund for that purpose.

This year, seven senior members received band letters for their faithful service since the band organized. We shall miss them greatly next year, as most of them will be leaving our community to further their education. However, we welcome them back to play or practice with us any time they can, and we hope new members will join the band and gradually fill the vacant chairs.

Orchestra

How can one express his inner feelings? One way is through music. That is one of the purposes of the orchestra. We had quite a busy and pleasant school term, but we managed very well each time that we were asked to participate. Cooperation is needed more and more each year, it seems. We hope that throughout the forthcoming years, interest and good spirit will exist in our orchestra rehearsals.

Glee Club

The purpose of the glee club is to acquire further knowledge of the appreciation of good music. We have a membership of twenty at the present time. Sickness caused us to lose some time, but the spirit still existed in the group. Our outstanding appearance of the year will take place at commencement. Other appearances occurred during the holiday season, in connection with church activities. Everyone should join the glee club and learn to sing the beautiful numbers that he hears elsewhere.

It is 1939 and another school year has drawn to a close. The first issue of the Pioneer was published in 1934 and since that time it has served as a beckoning light to oncoming students.

The Pioneer is the voice of the students and it provides an excellent means of keeping parents and friends of our school in touch with school activities.

The Pioneer is exchanged with fifteen other schools in Ohio and new ideas and improvements are developed by studying the papers from these schools. In this way students of our school keep in touch with the activities of other schools. Most of these other papers are maintained through advertisement but our school is fortunate in the fact that the school board furnishes the material for the paper.

Through the criticism of you, the people who read the Pioneer, it is hoped that it will continue to be a better Pioneer in the future.

The club meets every two weeks, and different things in connection with home economics are discussed. The club motto is "Keep the Home Fires Burning," and the colors are navy blue and pink. The class officers are:

President ..... Marjorie Miller
Vice President ..... Alice Mae Naumburg
Secretary ..... Bonita Anspaugh
Treasurer ..... Betty Kriemes
News Reporter ..... Ruth Whetstone
Sponsor ..... Miss Bierhup

The club wishes to express its appreciation to Miss Bierhup, who has offered her advice and instruction to help the members through this year.

Cooperation

The Need of Cooperation

To have a successful school and a proper functioning of it, the parents and other residents of the community must have a so-called harmony of cooperation. This is indeed essential and a good spirit has been shown in this community by all.

In turn, we, the Seniors, have tried to be very considerate of the many efforts that our parents have shown. Without their cooperation we could not have the success and happiness that we have had.

By our contacts with the teachers, we have again exercised the need of cooperation. Without it everything is at a standstill. Our teachers, through the past twelve years, have aided us by their extensive efforts and much needed advice at the difficult moments of our school career.

Absentees

This page contains the pictures of the people who were absent the day the group pictures were taken. Most of these absences were due to sickness.

Due to extended sickness, Wilma Jennelle Davidson could not be present any time to have her picture taken; therefore she will not appear in the group pictures or the above. She is in the fifth grade of elementary school.
